| Service Category | Description | Price Per Hour or Incident |
|---|---|--|
| Computer Repair | We offer the highest quality in computer diagnostics and repair. We are equipped to handle problems & upgrades such as: virus & spyware removal, increase overall computer speed, Windows errors, data recovery, any other computer problems | \$40 / hour |
| Transfer Old Home Movies & Cassettes to CD/DVD | Home movies have been a way for families and friends to preserve memories of special events and times in their lives. In the past we stored everything on video tapes and reels. Now our precious moments are wound up on reels of tape: you have to load them into a VCR, camcorder, or a projector to see what's recorded on them. Even worse, tapes and reels are quite fragile; they physically deteriorate over time and lose quality . We can transfer your precious home video from video tapes into the best and reliable DVDs . Once preserved in a digital format, your dearest videos will be preserved for years to come. | VHS / VHS-C - \$10 per tape 8mm / Hi8 / Digital 8 / MiniDV - \$15 for 1-hour tapes; - \$20 for 2-hour tapes; - \$25 for 2 hours or more Audio Cassette Tapes (includes digital editing) - \$15 for 1-hour tapes; - \$20 for 2-hour tapes |
| Slideshows | We will scan your 35mm slides or pictures of any-size and create a slideshow that you can watch on your DVD player or computer. Whether it's a wedding, a funeral, a birthday, an anniversary, or just as a surprise, a slideshow is a great way to remember the past and preserve those memories for the future. All slideshow prices include songs (of your choice) to accompany the slideshow. | \$0.75 per 35mm slide or \$1.50 per picture (any size) |
| Commercials | We have the ability to produce high-definition commercials for your business, organization, or for you personally. Give us a call and we will set up an appointment to meet with you and plan out the entire project, from beginning to end. | \$50 / hour |
| Website Design | There is estimated to be more than 30 <i>billion</i> web pages on the internet. More and more businesses are advertising on the internet because more and more people are using the internet as their primary source for finding out information. We would be happy to work with you to get your business (or maybe even just for you personally) online so you can begin attracting people via the world wide web. We can do something very basic and simple or do something very elaborate - it's your decision. We also provide hosting for you so that you have a place to "park" your website for everyone to see. | One-page site: \$100 to \$250 Multi-page site: \$250 to \$2000 Web hosting: \$20 / month (includes domain name - i.e. www.mybusiness.com) |
| Wedding Videography | A bride spends an average of \$800 on a wedding dress, \$500 on decorations, \$100 for hair/makeup, \$100 for a bridal bouquet, etc. A groom will spend \$200 on a tux, \$1000 for her ring, etc. The average wedding in the Winnsboro area is about \$7000 total. So, after spending all this money for a beautiful ceremony and reception you want to make sure that you preserve the memories forever! We, at AfterGlow Productions can help you make that very special one to remember for years to come. | Wedding Ceremony: \$250 Reception: \$100 (There is a \$100 non-refundable deposit due when you reserve your date with us.) |
| Convert Slides / Negatives to JPEG | Do you have boxes of slides or negatives of past memories that you would love to be able to look at again? We can scan, with a high-quality scanner, your slides and negatives and save them into JPEG (.jpg) files so you can view them on your computer. When we scan them we also will enhance the color balance, brightness, and contrast of the photos at no extra charge. We can make your old slides and negatives come back to life! | \$0.50 each |
